- 06 Contact

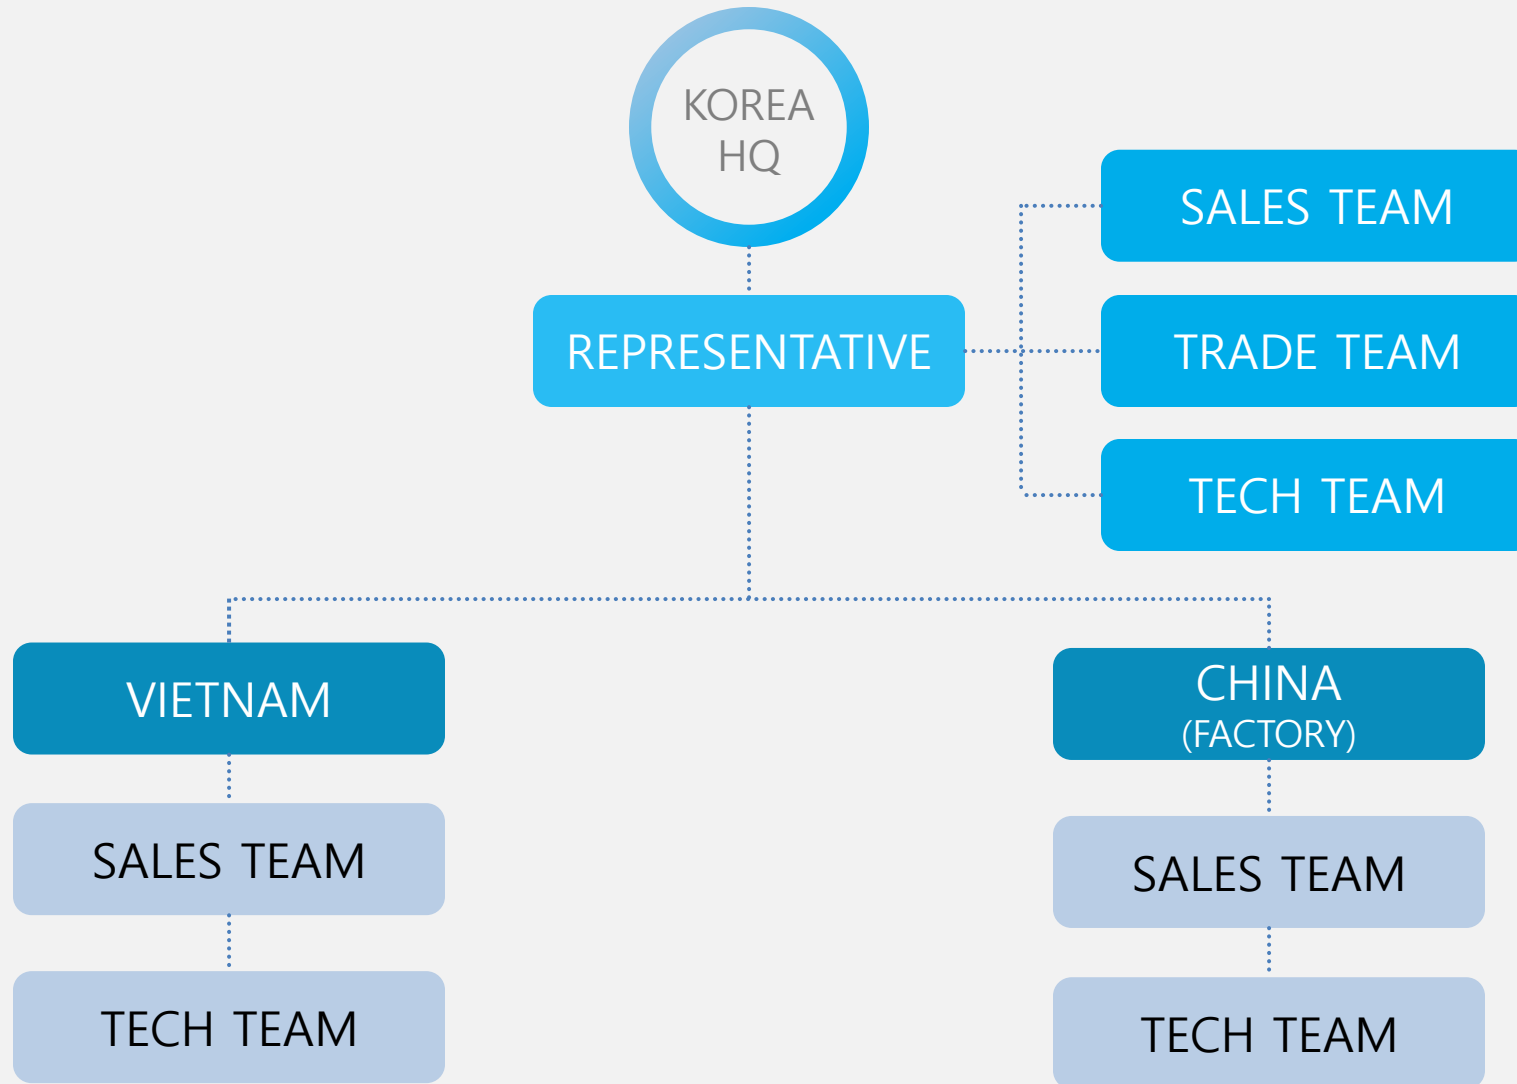

USM Corporation Ltd. is the company that sincerely and integrity company with willing to do our best in every business field over 20 years including shoes, bags, caps, and other leather goods based on our long experience and technical skills in shoemaking machinery.

USMC established a limited partnership company in China and developed various shoemaking machines for selling and managing to famous brands such as Nike, Adidas, Reebok, New Balance, Asics, and other brands through our headquarter in Korea and branch in Vietnam.

We also continue the business through selling, installing, training, maintaining COMELZ auto cutting systems, laser cutting machines, and other various automated machines not only for shoe manufacturing factories but producing bags and hats companies such as Pungkook, Simone, JS Corp, TBS, and other companies.
